Internship Learning Evaluation System – User Manual

1. Introduction

This system is an internship evaluation platform that connects students, workplace supervisors, academic supervisors and administrators. It allows students to submit weekly logs, supervisors to review/approve them and administrators to assign placements.

2.USER ROLES

Student

- Registers and logs in
- Views assigned placements
- Submits weekly logs
- Views feedback/status (submitted, reviewed, approved)

Workplace supervisor

- Logs in
- Reviews weekly logs submitted by assigned students
- Marks logs as "reviewed"

Academic supervisor

- Logs in
- Reviews logs after workplace review
- Approves final logs

Admin

- Creates and manages users
- Assigns:
  - -Student -> Workplace Supervisor
  - -Student -> Academic Supervisor
  - -Placement details (company name and address, start and end date)

3.SYSTEM WORKFLOW

1. User registers and logs in
2. Admin assigns internship placement
3. Student logs in and submits weekly log
4. Workplace supervisor reviews log
5. Academic supervisor approves log
6. System tracks evaluation status

4.HOW TO USE THE SYSTEM

Step 1: Login

User enter username and password

Step 2: Dashboard

User sees role-based dashboard

Step 3: Weekly Logs (Student)

- Go to "Weekly Log"
- Fill in the required content
- Click "Submit"

Step 4: Review/Approve(Supervisor)

- Open submitted logs
- Click "Review" or "Approve"

5.ERROR MESSAGES

- "No placement assigned yet" -> Student has no internship
- "Deadline passed" -> Cannot submit log
- "Already submitted for this week" -> duplicate prevention
